

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

SOUTH CENTRAL BELL TELEPHONE)	
COMPANY'S PROPOSED AREA CALLING)	CASE NO. 95-330
SERVICE TARIFF (PHASE V))	

O R D E R

On June 29, 1995, BellSouth Telecommunications, Inc., d/b/a South Central Bell Telephone Company ("South Central Bell"), filed revised pages in Section A3 of its General Subscriber Services Tariff which include proposed expansions to its Area Calling Service.¹ The proposed expansion would allow new local routes for placing calls from South Central Bell exchanges in Bowling Green, Corbin, Maysville, and Paducah to call GTE exchanges on a reciprocal basis. South Central Bell plans to implement the proposed tariff on August 3, 1995 to coincide with GTE's implementation of its Local Calling Plans. The revenue effect associated with the proposal is expected to be negligible. South Central Bell has agreed to include these exchanges in future evaluations of Area Calling Service.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

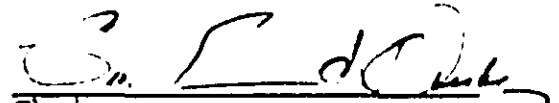

¹ Area Calling Service was initially approved by the Commission on April 9, 1992 in Case No. 91-250, South Central Bell Telephone Company's Proposed Area Calling Service Tariff.

1. South Central Bell's proposed tariff to expand its Area Calling Service is approved.

2. At the time it is required to file information in Case No. 95-053,² South Central Bell shall file actual revenue data for these expanded exchanges and demonstrate that its Area Calling Services are recovering the costs incurred to provide the services as required by the Commission in Administrative Case No. 285.³

Done at Frankfort, Kentucky, this 2nd day of August, 1995.
